

**VeryUtils** released an Online Invoice Platform some days ago. With **VeryUtils** Online Invoice Platform, you can make an invoice online, send an invoice and provide customers with a choice of payment methods. Although you can make an invoice in MS Word application, print it out, send it via snail mail, and wait for the check to arrive, but using VeryUtils Online Invoice Platform, you can simplify the entire process and get the payments faster.

<https://veryutils.com/online-invoicing-software>

Using **invoicing software** to bill your clients quickly and easily, it can reduce the amount of time you spend on administrative tasks for your business, giving you more time to focus on the work that actually makes your business money.

BizSoft Invoice is a simple online accounting software that covers all the basics: create and send invoices, track expenses, create reports, and do accounting on the go on all devices. But it also offers a full set of accounting tools that grows with your business.

Top features in VeryUtils Online Invoice Platform:

- Send professional invoices, set up automatic recurring invoices, and accept online payments in a simple, fast and convenient way.

- Track and categorise expenses, and bill them to your clients all from one place.
- Time-tracking and invoicing.
- Manage your complete billing circle: from quotes over invoices to payments.
- Manage your Clients. The application provides CRM-like management for your clients.
- You can select from different themes, set amount formats, modify email and PDF templates or many more.
- One-Click Online Payments. Let your clients pay the invoices by using one of 25 different online payment providers like PayPal, Stripe or even using Bitcoin via Coinbase.
- Track sales, expenses and profits.
- Create & send unlimited invoices.
- Track and manage your sales tax.
- Works on PC, Mac, and mobile.
- Manage and pay bills.
- Transact in multiple currencies.
- Generate sales quotes.
- Create purchase orders.
- Subscription Management.
- Billing and Invoicing.
- Recurring Payments.
- Accounting and Taxes.
- Reporting and Analytics.

The setup fee for VeryUtils Invoice is USD\$59, this is one time fee, the monthly subscription fee is USD\$9.95 per month, you can subscribe VeryUtils Online Invoice Platform from this web page,

© VeryUtils.com

2. After you login the system, you can execute Add Clients, Create Quote, Create Invoice, Create Task, Create Project, Create Product, View Reports and many other operations,

The screenshot shows the VeryUtils dashboard with a navigation menu at the top containing: Dashboard, Clients, Quotes, Invoices, Payments, Products, Tasks, and Reports. A settings dropdown menu is open, listing options: Custom Field Settings, Email Templates, Invoice Groups, Invoice Archive, Payment Methods, Tax Rates, User Accounts, System Settings (highlighted with a mouse cursor), and Import Data. Below the navigation, there are sections for Quick Actions (Add Client, Create Quote, Create Invoice), Quote Overview (This Month), Invoice Overview (This Month), Recent Quotes, and Recent Invoices. A URL bar at the bottom left shows <https://veryutils.com/demo/invoice/index.php/settings>.

3. After you create an invoice in the system, you can download that invoice as a PDF or sent it by email,

The screenshot shows the 'Invoices' page in the VeryUtils system. It features a navigation menu at the top with a 'Filter Invoices' search box. Below the navigation, there are tabs for 'All', 'Draft', 'Sent', 'Viewed', 'Paid', and 'Overdue', along with navigation arrows and a '+ New' button. The main content is a table of invoices with columns: Status, Invoice, Created, Due Date, Client Name, Amount, Balance, and Options. Two invoices are listed: one 'Sent' (Invoice 2, Created 06/01/2020, Due Date 07/01/2020, Client David, Amount \$49.00, Balance \$49.00) and one 'Draft' (Invoice 1, Created 05/31/2020, Due Date 06/30/2020, Client Frank, Amount \$1,990.00). An 'Options' dropdown menu is open for the first invoice, listing: Edit, Download PDF (highlighted with a mouse cursor), Send Email, and Enter Payment. A URL bar at the bottom right shows <https://veryutils.com>.

4. You can email the invoices, quotes to your clients and get payments easily.

You can subscribe "VeryUtils Online Invoice Platform" from this web page,

<https://veryutils.com/online-invoicing-software>

You can also specify domain name for you owned Invoice Application, such as,

<https://yourname.veryutils.com>

<https://www.yourname.com>

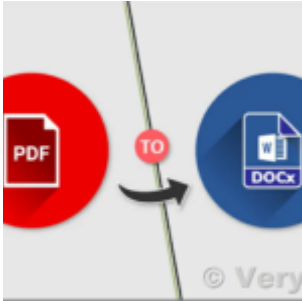

BizSoft Invoice makes small **business invoicing** and billing so simple, you'll be amazed at the time you have to focus on doing what you love and how much faster you get paid. Buy and Enjoy it online now!!!
