Custom PDF Printer has below different editions,

* Custom PDF Printer: This edition allows you to customise every aspect of the setup program. Optional security module makes it a snap to secure your sensitive documents before distribution.

* Custom PDF Printer with programmatic access: This edition also enables applications to set the output file in the registry keys programmatically. This allows the printer driver to create PDF files directly without Save As dialog box. Optional extension module allows you to apply security settings an add background to your generated PDF document programmatically.

Customer PDF Printer Benefits:
* Offer customers a PDF writer with your own title.
* Empower your solutions or services to create high-quality PDFs.
* Allow developers to integrate PDF creation on the fly.
* Support Terminal/Citrix Server and non-English Windows system.
* Create secured PDF documents in a single step.
* Use Preference Utility for setting default saving location, auto filename, view or email after creation.
* Combine multiple jobs into a single PDF file.
* PDF/A, PDF/X, PDF/U file creation.
* More and more functions that you need.
