

I would like to convert my text report PDF file to CSV file, and then save CSV file into database, I tried your PDF to Excel Converter Command Line software from this web page,

<https://veryutils.com/pdf-to-excel-converter-command-line>

I tried following command line, but it failed to work,

```
D:\temp\new-pdf2excel\pdf2excel_cmd>pdf2excel.exe --pages all -o D:\temp\spby_01.csv  
D:\temp\spby_01.pdf
```

You have 43 time to evaluate "[VeryUtils](https://veryutils.com) PDF to Excel Converter Command Line [<https://veryutils.com>]", you may purchase a full version from "<https://veryutils.com/index.php?route=product/search&search=pdf%20to%20excel%20command%20line>" web page.

[Error] Failed to create "D:\temp\spby_01.csv" file.

```
D:\temp\new-pdf2excel\pdf2excel_cmd>
```

I still get an error....
