

How to watch YouTube Videos offline? This article will tell you how to download YouTube videos to watch offline on your computer, or phone. **VeryUtils** released a YouTube downloader application that can help you easily **download videos** to watch YouTube offline.

We watch YouTube videos every day. But, what should you do if don't have access to the internet? Can you watch YouTube videos in the countryside or on a Wi-Fi-less plane? Can you watch YouTube offline? How to watch YouTube videos offline?

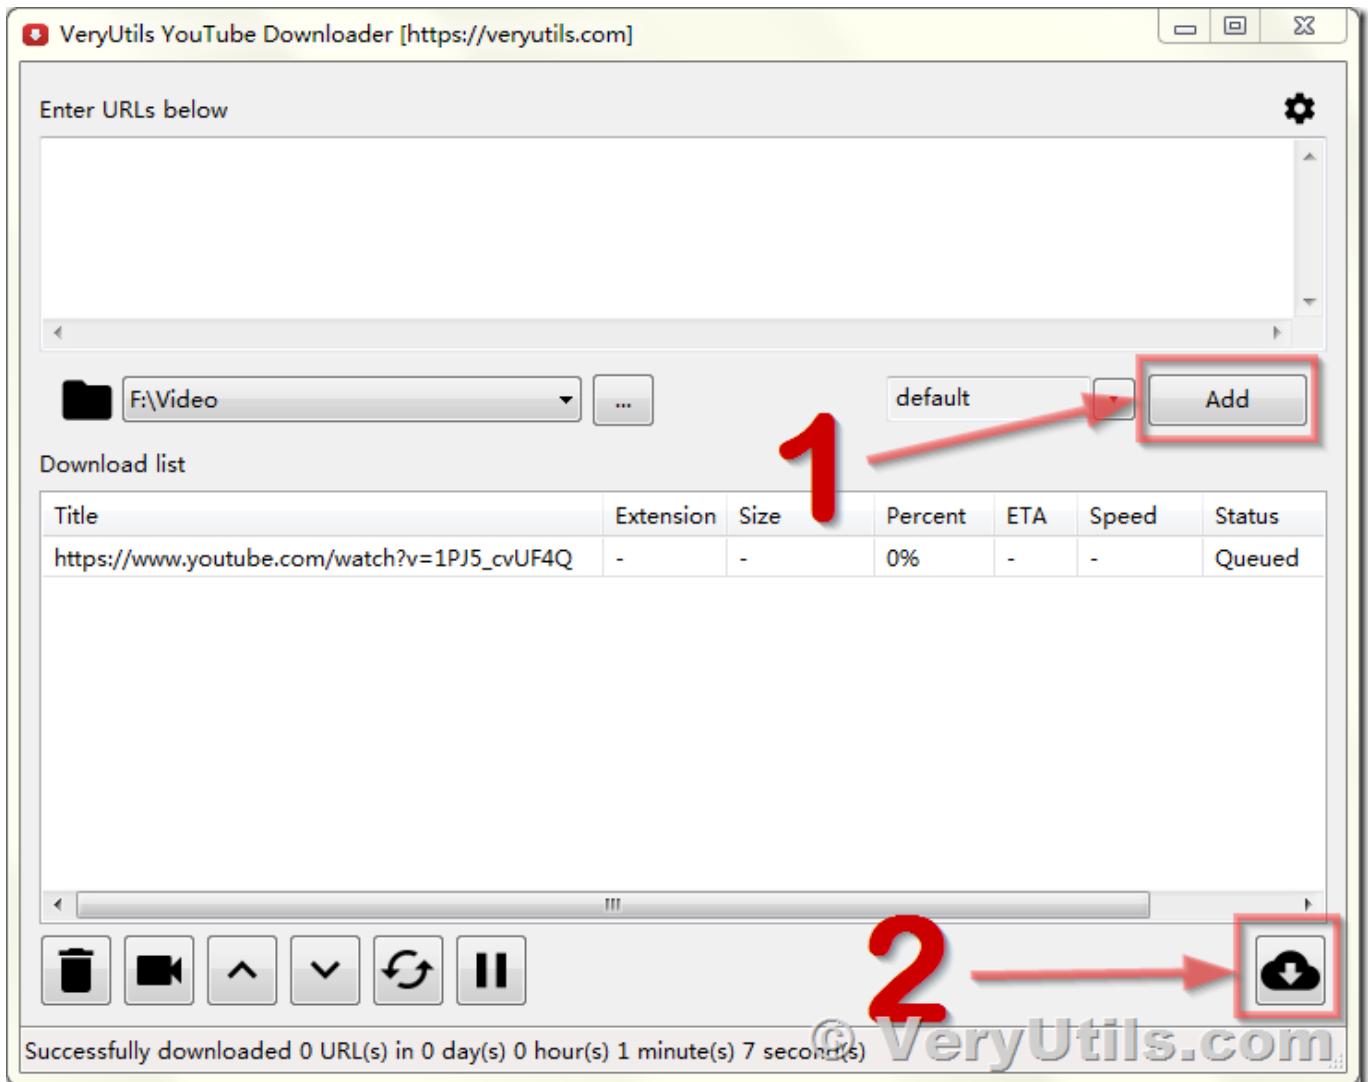

Here, **VeryUtils** provides a **YouTube Downloader** to download YouTube videos to watch offline.

1. Please download and install **YouTube Downloader** from this web page,

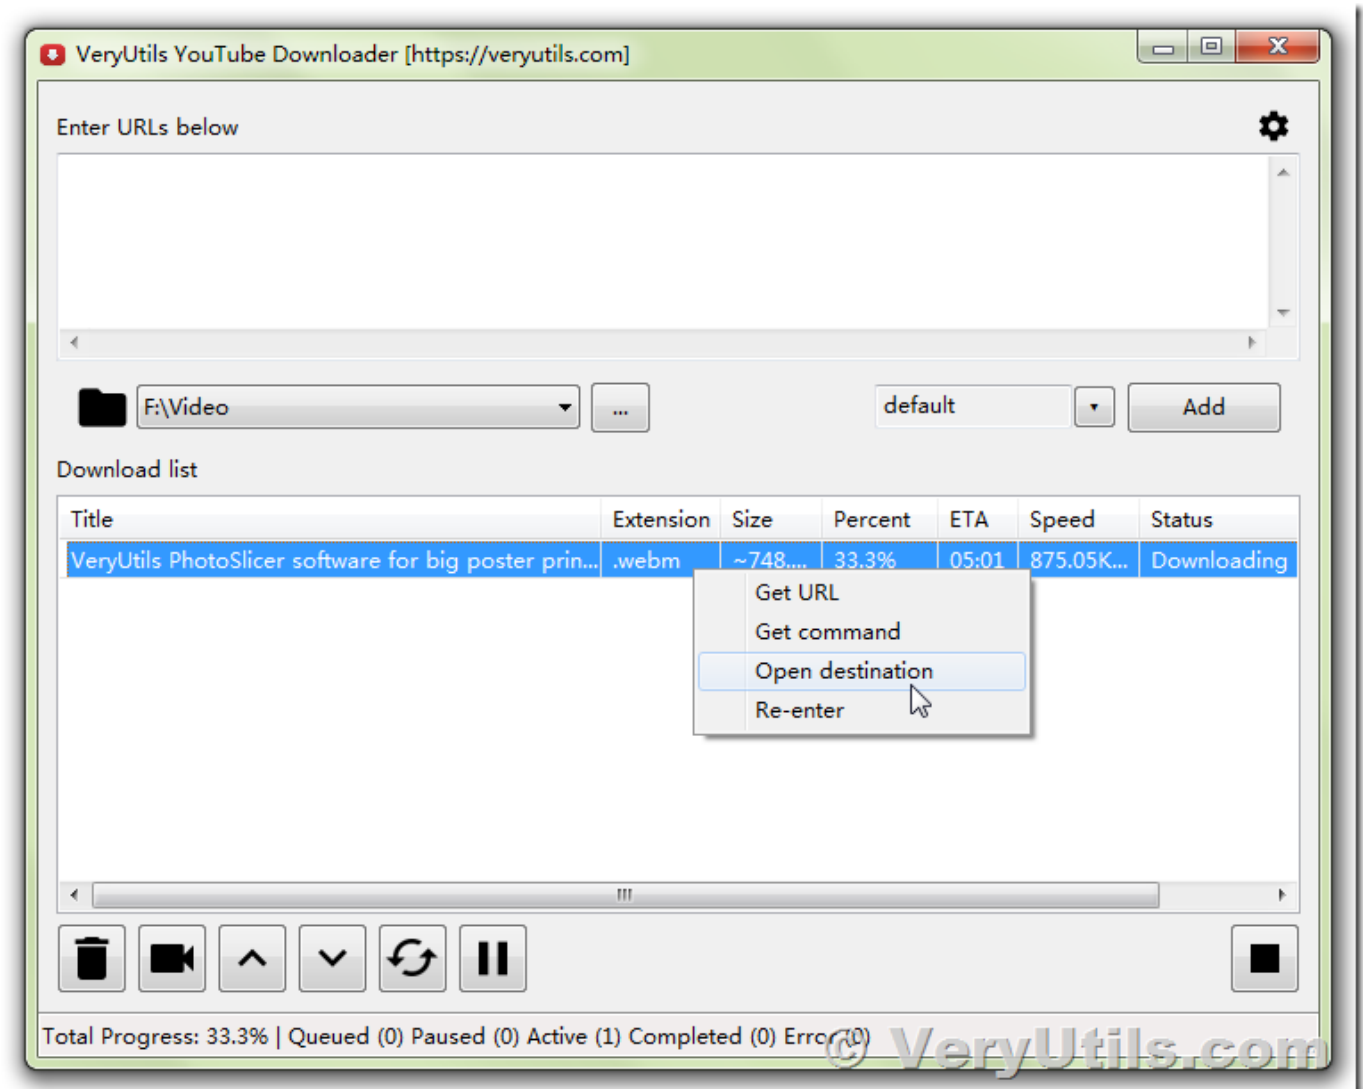

<https://veryutils.com/youtube-downloader>

<https://veryutils.com/dl.php/YouTube-Downloader.exe>

2. After you download it to your system, please install it, run it, and enter the URL for a YouTube Video, you can enter more URLs for more YouTube Videos at one time,

3. Click "Download" button to download YouTube Videos,

4. After downloading completely, you can watch this video file offline on your Windows, Mac, iPhone, iOS, Android easily.

Most of time you probably watch YouTube videos by streaming them to your TV, phone, laptop or tablet. That's the way it's supposed to work, and that's the best way to support your favourite channels, so long as you don't skip all the ads.

If you often **download videos** from YouTube, **VeryUtils YouTube Video Downloader** is a good choice to you. This software saves your time and can download videos automatically.

What about a private video?

Services and programs designed to record YouTube videos don't have the same rights as your YouTube account, and therefore would not be able to record a private video. However, if you can view the private video, you can use a **screen recorder** to record anything shown on your screen.

Download and install Screen Recorder software for Windows,
<https://veryutils.com/screen-recorder-for-windows>
