□ Transform Your Visuals with Ease

VeryUtils Interactive SVG Map is an innovative JavaScript tool designed to turn any SVG file into an interactive and fully customizable map or floorplan. With access to a comprehensive

library of over 180 built-in geo-calibrated SVG maps, you can easily find the perfect map to meet your needs, whether it's a world map, a detailed country layout, or even a custom floorplan.

□ Key Features That Make a Difference

What sets VeryUtils Interactive SVG Map apart is its combination of powerful features and user-friendly design. Here are just a few reasons why this tool is a must-have:

- **Responsive Design:** The maps automatically adjust to different screen sizes and devices, ensuring your content looks great everywhere. You also have the option to disable responsiveness if it's not needed.
- **Pure JavaScript:** No Flash is required, making it compatible with all modern devices, including iPads and iPhones.
- **Easy Customization:** Modify colors, text areas, and state activations through an XML file, allowing for quick and effortless changes.
- **Interactive Features:** Add pins, vector shapes, and tooltips without any coding knowledge, making it easy to create engaging, interactive visuals.
- **Advanced Control Panel:** Enjoy a feature-rich web app with live preview capabilities, allowing you to fine-tune your maps before they go live.
- **Versatility:** Create not just maps, but also interactive floorplans, village plans, and even vector images that display statistical data.

□ Compatible with All Devices and Browsers

One of the best aspects of VeryUtils Interactive SVG Map is its compatibility. It works seamlessly across all modern browsers and devices, ensuring your **interactive maps** are accessible to all users. Plus, with the ability to embed multiple maps on the same website across different pages, you have the flexibility to incorporate **interactive maps** wherever you need them.

□ Unbeatable Value with a Special Discount

Originally priced at USD \$49.95, [VeryUtils Interactive SVG Map is now available for just USD \\$39.95](#). This special discount offers incredible value, making it an ideal time to invest in a tool that can significantly enhance your visual content. Whether you're creating educational tools, corporate presentations, or interactive websites, this tool provides the functionality and flexibility you need at an unbeatable price.

□ Don't Miss Out on This Limited-Time Offer

The VeryUtils Interactive SVG Map is more than just a mapping tool—it's a gateway to creating dynamic, interactive experiences that engage and inform your audience. With this special discount, there's no better time to add this powerful tool to your toolkit.

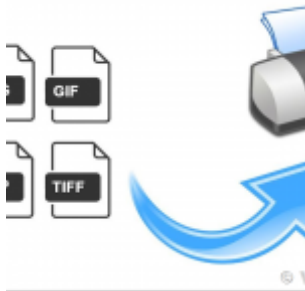

Unlock the potential of your visuals and create stunning **interactive maps** that captivate and inform. Get your VeryUtils Interactive SVG Map today at the special price of USD \$39.95 and take your projects to the next level!
