Your PDFs contain actual content, not just text or images. VeryUtils PDF Content Comparer

intelligently compares the content in your PDF files. Any differences are shown in a visually gorgeous display, akin to holding up two pieces of paper to the light.

#### Best-of-class PDF comparison

Where other tools stop at simple text comparison, we are just getting started, for all Windows users.

#### Powerful difference views

Intuitively view differences via the synchronized scrolling views side-by-side.

#### Controlled sensitivity

There are not too many options - we only choose the ones that will really matter to you.

Comparing is as simple as dragging two PDFs into the compare window and clicking on the compare button. The result is a simple, intuitive overview of any differences detected in the two documents.

With the VeryUtils PDF Comparer documents tool, you can compare documents of these types:

- \* Compare text file types: html, txt, pdf, doc, docx, rtf, xml, ppt, pptx, odt, chm, epub, odp, ppsx
